Subject: Dye Notifications for tests run at Outfalls 001 and 009/010

Mike, per your request:

Matt Oxsalida, the Amendola Engineering Engineer, called on Friday afternoon (5/12/17) to notify of dye usage for the week of 5/15:

US Coast Guard Station Calumet Harbor
(773) 768-4093
Spoke to the Operations Petty Officer

IDEM Northwest Regional Office
(219) 464-0233
Left a voicemail message and requested a callback to confirm receipt (did not get a call back).

The Coast Guard was out here this last Wednesday, and we gave them a copy of the SDS for the dye used. After you and I talked on Wednesday, I called Nick Ream at IDEM, and Paul Arnold at the Coast Guard to let them know that the dye tests were in progress.
